

Nevaton® Forte

Core Nervous System Support*

Nevaton® Forte contains St John's Wort, Saffron, Skullcap and Schisandra which are traditionally used to:

- ✓ Calm the nerves and restore balance in temporary mood swings
- ✓ Support healthy nervous system response
- ✓ Encourage balance between the body and mind
- ✓ Ease the effects of occasional mild stress
- ✓ Help promote healthy mood balance
- ✓ Provide relief from occasional sleeplessness*

Nevaton® Forte contains a blend of herbs with St John's Wort and Saffron being the key ingredients in this formulation which have been individually shown to promote healthy mood balance and to restore balance in case of temporary mild mood swings,¹⁻³ reflecting their long-standing traditional uses as valuable nervous system aids.*

Four daily servings of Nevaton® Forte provide 1.5 mg hypericin and 30 mg flavonoid glycosides - the important plant constituents of St John's Wort.

M1710 60 Tablets

Suggested Use:

1 tablet 3-4 times daily, or as directed.

Supplement Facts		
Serving size:	1 Tablet	
Servings per container:	60	
	Amount per Serving	%DV
Skullcap herb 4:1 extract from <i>Scutellaria lateriflora</i> herb 500 mg	125 mg	†
St John's Wort herb flowering top 6:1 extract from <i>Hypericum perforatum</i> herb flowering top 750 mg Containing hypericins 375 mcg Containing flavonoid glycosides 7.5 mg	125 mg	†

Saffron stigma 3:1 extract from <i>Crocus sativus</i> stigma 22.5 mg	7.5 mg	†
† Daily Value (DV) not established.		

Other Ingredients: Microcrystalline cellulose, sodium starch glycolate, croscarmellose sodium, magnesium stearate, hypromellose, maltodextrin, silicon dioxide, dibasic calcium phosphate dihydrate and dextrin.

Caution: Not to be used during pregnancy and lactation unless otherwise directed by a qualified health care professional. Do not use this product while taking any prescription drug(s) without the advice of your prescribing physician. Avoid excessive exposure to UV irradiation (eg sunlight, tanning) when using this product. Not recommended in cases of known photosensitivity. For other contraindications and cautions consult your health care professional.

Traditional Use

St John's Wort has been used as a traditional remedy since ancient Greek times⁴ and is primarily considered for its beneficial effects on the nervous system,⁵ specifically in relation to healthy mood balance.⁶⁻⁸ Likewise, Skullcap is a revered traditional remedy that is used to support a healthy nervous system, e.g. to relieve mild nervous tension, help calm the nerves, and aid a normal restful sleep.^{7,9-12} Schisandra is known as a traditional herb that supports the body's natural resistance to mild stress, an action that is now referred to as 'adaptogenic.'^{13-16*}

How Nevaton® Forte Supports Your Health:

Stress Support:

While we are all exposed to various levels of stress in day-to-day life, the body's response to stress can be both helpful and harmful. Short-term mild stress normally triggers the so-called fight-or-flight response via the sympathetic nervous system, which enables us to ward off or flee from an impending threat. However, when stress persists, it can have wide-ranging effects on the body, such as on the nervous system and on normal healthy mood and sleep.*

Nervous System Support for Sleep and Mood:

Based on the various uses described, the herbs contained in Nevaton Forte provide direct support for normal nervous system function, healthy mood balance and normal healthy sleep. They also provide indirect support by easing the effects of occasional and mild stress.*
