Benefits of managed print services

01
Never run out of ink or toner again with automated replacement supplies

- Reduce downtime and maintain availability of your printers - especially important if printing is critical to your business
- Increase efficiencies with no manual intervention required for ordering replacement ink or toner cartridges
- Save costs as there's no additional delivery costs
  - No storage costs (eliminate those cupboards full of old ink/toner)
  - Soft costs associated to saving employee's time.

02
Pay as you go with click-based billing

- Scalable to meet your business requirements with no minimum print volume commitment
- Smart budgeting and control of your printing costs.

03
Maintenance cover gives you total peace of mind

- Easy to use web portal for logging technical issues
- Service level agreement - four hour telephone response or next business day fix
- Inclusive of all parts/labour including periodic replacement consumables i.e. fuser/lasers.

04 — Seamless transitioning into operational state with various installation options

- Remote installation
- On-site installation

05 — Free recycling scheme

- By remanufacturing 86% of our cartridges we save around 5,300 tonnes of CO_2 every year – equivalent to taking 1,150 cars off the road.

06 — Award winning hardware

- Buyers Lab Award
- PC Pro Best Printer Brand

07 — Compatibility with market leading print management applications

- Kofax ControlSuite, Printix by Kofax, PaperCut, YSoft and Everyone Print
