PC-Connectable shipping and barcode label printer

QL-1100c

CONTINUOUS ROLL   **PRE-SIZED LABELS**   **PC CONNECTION**   **brother.co.uk/QL1100c**

PC-Connectable shipping and barcode label printer

The Brother QL-1100c is a high-speed label printer engineered to print up to 4" wide labels. This business-quality label printer lets you create cost-effective paper adhesive labels for packages, envelopes, postage and more.

QL-1100c

Key Features:

- Print labels up to 103.6mm wide and at up to 110mm/second print speed
- USB connectivity for PC and Mac
- Supports printing of FBA (Fulfilled By Amazon) labels through a special PDF crop print function
- Built-in cutter to create your own length labels using unique continuous rolls
- Windows SDK (Software Development Kit) available to add label printing to your own apps
- Perfect for safety signage
- Microsoft office integration - make light work of large address labelling jobs with the ability to connect to a PC or Mac

Your home office business partner

Featuring a 4 inch width (101.6mm) print head, the QL-1100 offers maximum compatibility with third party shipping label software packages from couriers and parcel delivery companies.

And for sellers who use the Fulfilled by Amazon (FBA) service, the "crop-print" feature enables you to print multiple barcode labels contained in the PDF generated by your Fulfilled by Amazon account. The driver detects, extracts and prints each individual label to the QL-1100 automatically, making it easy to mark up your items to be shipped to Amazon.

Mounted on a special roll guide, Brother DK labels are easy to install and the guide ensures that each label is printed straight. Brother QL labellers are also intuitive, they recognise the size of the label installed and display this on P-touch Editor, ensuring any label prints exactly as expected.
