

Taking professional workgroup colour printing to the next level

Our professional workgroup colour laser A4 range takes printing to new heights, providing vibrant printing that delivers premium quality every time.

Every printer is designed for managed print services (MPS) ensuring you get the most from your devices, whilst eliminating the burden of their day-to-day management. All models come with wired network, Near-field communications (NFC), business level security and high yield in-box toners. What's more, this range is solutions-ready enabling you to automate workflows and improve efficiency. The range offers you the option to upgrade to intelligent Brother and third-party solutions, giving you complete flexibility in how you manage, secure, and control your documents.

Print up to 40 pages per minute
