comfort

Gamers worldwide spent around 8 hours and 27 minutes each week playing games, which is an increase of 14% over 2020, a worldwide survey finds. The survey showed also that 44% of the gamers play more than seven hours per week and 25% clock more than 12 hours per week.

By the end of 2020, there were about 2,69 billion gamers in the world. Growth has been steady with an average of 5,6% year-on-year increase. This year's figures are forecasted to reach 2,81 billion gamers, that will earn the global games market an estimated €168 billion.
