# AVER & AIRTAME COLLABORATION BUNDLES

Are your customers looking  
for an all-in-one room solution?

One that allows participants to join a Teams,  
Zoom or Google Meet\* platform call and share  
the same meeting space?

## Huddle Spaces

### AVer VB130 & Hub

The All-in-One VB130 is equipped with the latest Intelligent Lighting so you can appear energetic and professional in any environment. Also, AVer's audio fence, beamforming technology, and audio tracking precisely pick up voices.

ORDER:  
AVER031

## Medium-sized Meeting Spaces

### AVer VB342 PRO & Hub

Intelligent AVer AI features come together to create a crystal-clear AI powered meeting experience. Auto Framing re-frames the meeting view to keep everyone in picture and works together with Smart Gallery to deliver great-looking images of everyone.

ORDER:  
AVERVC107

## Large Meeting Spaces

### AVer VC520 Pro3

The VC520 Pro3 excels as an advanced conferencing system, with a 36X zoom, AVer SmartFrame, Preset Framing, and a Sony WDR sensor. Its standout Smart Composition, an AI function, swiftly captures high-quality closeups of meeting participants.

### Airtame Hub

The first conferencing solution that works with Microsoft Teams and Zoom to make every meeting room ideal for hybrid work.
