SCANNING SOLUTIONS FOR
THE NEW WORLD

The working landscape has changed. It's time to empower your teams to work efficiently and effectively from any location.

ScanFront 400
Customer Service Point

Fits on small counters with limited space. Scan in front of customers for on-boarding or ID checks.

DR-C225W II
Home office

Small-footprint, place anywhere design with Wi-fi connection for easy use in the home office

DR-S150
Office

Compact and productive. Multiple devices can be managed from one computer, and user log-in features provide greater levels of security for your organisations data.

CR-M260
Distribution Warehouse

A high-performance and rugged scanner. Perfect for demanding environments.

P-215II
On the road

Scan documents anywhere, anytime with compact, lightweight design and plug'n play batch scanning

DR-G2140/2110
Back Office / CRD Mailroom

Volume scanning provides the high productivity needed in the back office. The DR-G2140/2110 drastically reduces the time required for scanning and processing.
