

CUSTOMIZABLE SERVICE AGREEMENTS

Maximize Uptime. Minimize Surprises.

The Problem

Unplanned downtime and generic service contracts cost you time, money, and control over your system's performance.

The Solution

IAC offers fully customizable service agreements that align with your operations, not a manufacturer's agenda. Choose your coverage level & let IAC keep your system optimized, supported, & running reliably 24/7.

The IAC Difference

1. Independent by Design

We're not locked into one brand. That means more equipment options, better-fit solutions, and lower total cost of ownership for you.

2. Access to OEM-Quality Parts

We source from top suppliers to ensure quality without inflated prices.

3. Expertise Across All Major Brands

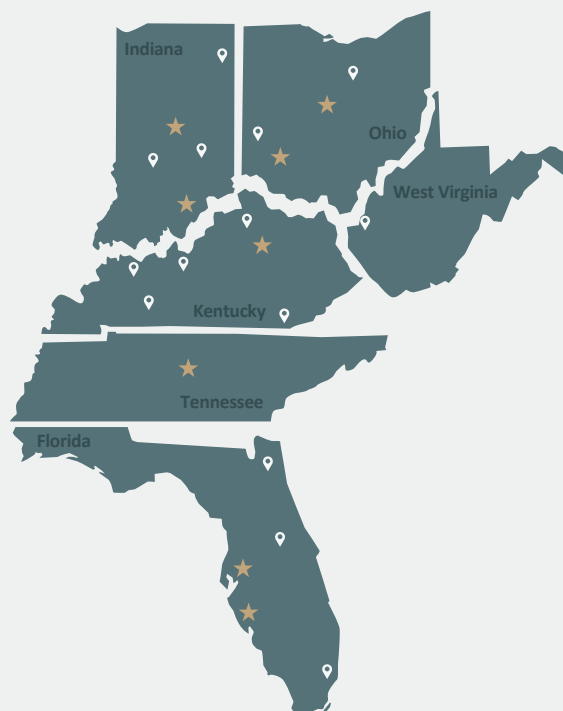

Our certified technicians are trained to support leading manufacturers.

4. Smarter System Strategy

We bring decades of experience to every install, repair, and service plan.

Regional Coverage

IAC provides industry-leading service for compressed air systems across **Florida, Indiana, Kentucky, Ohio, Tennessee and West Virginia**. With branch locations, dispatch centers, and remote technicians strategically placed throughout the region, we ensure rapid response and expert service, **whenever and wherever you need it.**
