

RENTAL EQUIPMENT

Keep Operations Running with **24/7/365** Rental Solutions

The Problem

Equipment failure, whether due to unexpected issues or scheduled maintenance, can lead to costly downtime, lost productivity, and added pressure on your operations team.

The Solution

IAC offers one of the largest selections of compressed air rental equipment in the region, available for both short- and long-term use. Our fleet is maintained by in-house technicians and supported by responsive, 24/7/365 service to ensure your operation avoids interruption.

Our Process

1. Request a Quote

Submit a quick form to check availability & pricing.

2. Rapid Deployment

Get equipment delivered & installed quickly.

3. Ongoing Support

Receive regular performance checks throughout rental.

4. Hassle-Free Return

We manages pickup & wrap-up when your job is done.

Available to Rent

- ✓ Air Compressors
- ✓ Dryers
- ✓ Accessories
- ✓ Vacuum Pumps

The IAC Difference

- ✓ **Reduce Energy Costs**
Clients have cut energy costs by up to **38%**.
- ✓ **Enhance System Reliability**
Prevent breakdowns and reduce downtime.
- ✓ **Maximize Operational Efficiency**
Identify and fix leaks, part-load operations, and waste.
- ✓ **Qualify for Rebates**
One client secured a **\$130,746.56** rebate by improving efficiency.

“ Had rental onsite and hooked up within hours. The rental ran without interruption and IAC followed up with timely checks to ensure everything was working perfectly. Setup was smooth, and the support throughout was excellent.
